<p>This was my first visit and the receptionist was extremely helpful in getting me an appointment the same day while making sure I was getting the right stylist for the services I needed. The stylist was friendly and listened to what I wanted. The cut was perfect but the color was not quite right after a few days it faded and looks brassy.</p> <p><i>(Last updated:04/12/2016 4:56AM)</i></p>

<p>Thank you for taking my appointment on such short notice. You have a lovely salon and very comfortable. I love my haircut and thank Robyn(not sure of spelling)name. She did a great job on my hair and no pressure to do more. Left my cut up to her and I love it. Followed my natural hair style. Thank you. Will see you again in a few weeks. I feel good. <p>This was my first time visiting Salon 25 and I love it!! I was greeted with a smile, made to feel very comfortable and offered a beverage. The salon is so clean and offers a very relaxed atmosphere. Karen did a fantastic job, explaining each step so I understood why she used each product to heal and protect my hair. The price was reasonable and I love my new highlights and cut. I look forward to going back to see Karen again. VERY happy!</p> <p><i>(Last updated:03/09/2016 8:44PM)</i></p>

<p>First time here at Salon 25 and had an awesome experience from the time I stepped into the Salon to the time I walked out. Asked to take my coat, asked several times if I wanted a hot or cold drink also, was I comfortable, if I was not they would fit it so I was. I was comfortable during my appointment. My stylist, Karen listen to what I wanted done to my hair, she did not try to talk me into something she wanted, she did suggest a couple of things that went well with what I wanted and my hair came out just awesome. Thank You! Made my follow up hair cut in four weeks. Thank you Karen and staff for this awesome experience. I'll be back for sure. I recently moved to the area and this salon was recommended to me by a family member so I decided to give it a try. After 20 years of using the same hairdresser and with a specific style in mind, I was definitely nervous. As soon as I walked in I was greeted by the friendly staff and was offered a drink of water (great first impression). I then met Debbie, who ended up cutting my hair exactly the way I wanted it, and I didn't even need to go into lots of detail. Unlike my old salon, I was in and out within a half hour and was also able to use my credit card for both payment and tip, which makes it much more convenient for me than having to use cash. In addition to that, the cost for a trim was very reasonable. I think it is safe to say I will be coming here again.

This was my first visit to Salon 25. It was recommended by a friend and I was very pleased with the entire establishment. Very tastefully decorated, staff was very friendly and welcoming. Comfortable waiting area with current magazines, coffee, water and a few snacks. Quite a nice surprise. After I left I realized I'd lost an earring there (took it off before my hair got washed) and when I called back they were very happy to look around and actually found it. It was a fairly small earring, so they went above and beyond. Greatly appreciated!!

I just moved to NH and needed a fresh start. I wanted a radical change on my look and after reading the reviews ,I decided on Salon 25. Let's just say that the reviews were right on. The location was super accesible with lots of pkg space.The salon is very modern and clean, there is a relaxing and very intimate ambiance from the moment you walk through the door.I was greeted by Jessica, who was doing my hair.She is AMAZING!! She took the time to listen to what I wanted and delivered exactly what I was hoping for.The cut is great, the color Gorgeous and the service and expertise that Jessica showed was Awesome.I am very happy that I found my forever salon on my first try! That does not happen very often! Lol!! Thanks Jessica for a great experience and for a much needed change!!

I came to Salon 25 by chance. I booked online-which is great! The salon staff is very professional and the place itself is clean. The service pricing is good. Karen cut my hair, and I am very happy with the experience! Karen took time to discuss my needs and follow through with what we talked about. And my hair came out great. She told me about the products she used in my hair, but was not "pushy" about trying to sell it to me. I will definitely be going back to Karen and will bring my 15 year old daughter as well.

A great hair cut! I enjoyed your salon, I like the modern design of the space. Please accept my constructive criticism for these two things: 1. It would be nice to have a folded towel under my neck while getting my hair washed (I had a sore spot the next day) 2. The lighting around the chairs may need enhancement, my stylist turned the chair sideways saying the lighting was better that way. I will be returning to your salon for my next haircut. It was literally the best haircut I have gotten since I have lived in NH.

It had been 18+ years since I had stepped into a salon after several really bad experiences. I chose to just have a friend trim my hair whenever it was out of control. After much conversation with myself and then with the same friend she made an appt. at Salon 25. I went in nauseaus, perspiring, ready to cry, but afraid to cancel. I was greeted with smiles and "don't worry" but still skeptical. The artist was Robin and she tried to engage in conversation, but I was petrified. Long story shortened, it was Awesome, just what I was hoping for and my next two appointment nets are already made. Thank you Robin

Reply: Your welcome, was my pleasure to do your hair and make you feel comfortable in the salon. Look forward to seeing you again.

I came into the salon as a "walk in" and was greeted very kindly and professionally. I only needed a "trim" and was accommodated with no pressure at all which is a delight to me. Being in the field of health/wellness a complete relaxing hair experience was something I enjoy. I found the salon very peaceful and without the "gossippy" type of environment I sometimes have experienced which has kept me away from many. If someone is looking for a great cut/color or whatever without alot of drama around the place this is the place to go. Excellent experience with a great touch of class.

Reply: Thank you so much for being our guest. Look forward to seeing you soon. Have a peaceful day.

Very impressed. Stopped by today as a walk-in and had my hair cut by Robyn. The prior haircut I had received from a different salon was awful. Robyn listened to my concerns and preferences for my hair and gave me exactly the right cut. Needless to say, I'll be booking future appointments with her. The salon is stylish, clean, and very relaxing. Highly recommend this salon!

<p>Your salon is beautiful - very clean and well organized. My stylist was veryf riendly and did a great job. She listened to what I wanted and cut more or less as I asked. In hindsight, I should have trusted her first instinct as to how much 'bangs' to be cut because I got nervous and went with less than I should have. Now I know for when I go back.</p> <p><i>(Last updated:04/24/2014 12:45PM)</i></p>

<p>Great experiece today. I haven't had my hair cut for almost 3 years because I am always so nervous about change and hairdressers giving me a mullet (which has happened 4 times in my life), but after reading reviews and asking a few questions I felt comfortable enough to go in. I was lucky enough to get Amanda, she made me feel comfortable and walked me through what she was doing and asked a few times if I was doing ok, because I got real quiet (I must have had that panic look on my face). Overall I am very excited with my new hairdo. I love the atmosphere as well. All of us were talking to each other and all the hairdressers seemed to know everyone by name when they walked in, that in itself is impressive. I think I have finally found my hairdresser for life! So excited! Thank you very much for not giving me a mullet, my husband appreciates it.</p> <p><i>(Last updated:04/18/2014 5:44PM)</i></p>

<p>I really loved the area for hair washing (ability to elevate feet was new for me and a nice luxury). The girl that did my hair was very friendly and did a great job. My only critique was that she only blow-dried my hair about 85%, so it was damp for a while after I left the salon. Overall great experience though.</p> <p><i>(Last updated:02/24/2014 12:35PM)</i></p>

<p>I was a first time customer the day before Thanksgiving. Debby did a FANTASTIC job. The color blended in well with my natural hair color. I loved how it looked and felt at the end of the visit. I noticed the service to join for a small fee-and all services are 10% off each time. This includes family members. I asked about it, and I did not feel pressured at all. I felt very comfortable in this place. The staff is very friendly, professional, and genuine. I already made my next appointment in four weeks with Debby.</p> <p><i>(Last updated:11/28/2013 8:55AM)</i></p>

I just moved to the area and was very nervous about trying a new salon. I had been at my previous salon for 10 years. I was very impressed with the updated and comfortable environment. The staff was very pleasant and helpful. Vivian did a fantastic job matching my existing color and listening to how I wanted my hair cut. If it wasn't for the hudson calander I wouldn't have found the perfect place for me!

I enjoyed my visit today. I liked not having to wait. The shampoo area was decorated and separated from the styling area in a nice way. Debbie did a nice job cutting my hair and tried to follow my guidance for how I wanted my hair to look.

<p>I loved your salon. It was clean and beautiful, and your staff was welcoming. I must tell you however that my first cut was not the best experience. I think that Vivian and I had a misunderstanding of what I wanted. I got home and styled it the way I like it and discovered that it was extremely uneven. I returned that evening, and she corrected it, or at least I thought it was. Once again, I took the flat iron to it and realized that the right side was longer than the left. I am now going to have one of my LNA students fix it Monday. She is a sylist and has offered to fix it before class. I am not one to complain, and I really like Vivian however, I spent \$109.00 at your salon, and I am lopsided.</p> <p><i>(Last updated:07/26/2013 8:37AM)</i></p>
